

**IDEAS** | 02-11-15: "Development Horizons" for governments, eg state govts, 20 yrs, national, 50 yrs, international 100 yrs & write in rules so shorter-term results to be ignored/not part of policies for e.o.m. | 02-11-28: Use graphite or fullerene shapes as metamaterials for v. short wave radiation focusing? Or micros?

02-12-02: Ships (cargo) to have "one-trip skins" to make safer against upolls, improve speed?

02-12-03: How does 'following' restore soil fertility, can the processes involved be improved/accelerated?

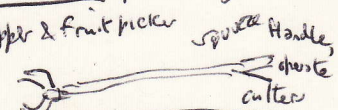

02-12-06: Put DNA probes in building air-conditioning ducts to monitor people present.

**IDEAS** | 02-11-04: Elect 'governing boards' of people to run government depts > Find some competency rating method? | 02-11-4: Try effect of glass/plastic-based commercial mirrors as 'reflective mulches'?

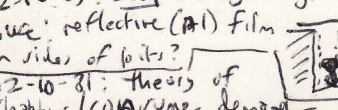

02-11-7: Flap-down or fold-down mirror surfaces in underground green-houses to increase reflecting boards light per tree. 

02-11-8: Add or substitute Kieselgahr for kaolin in surround-type plant coating? (very cheap particles?)

02-11-12: A 'down annual ecosystem' with variety of plants (wheat, leg, mustard etc) & varieties of each one-pair (2-pass?) suitable for harvesting & built-in resistance to climate variation.

**IDEAS** | 02-10-19: Hand-operated hydraulic lopper & fruit picker. 

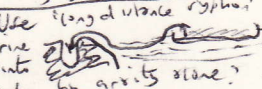

02-10-19: Is 'cosmic background radiation' just the ultimate result of light de-energized leaving massive (galactic?) black holes?

02-10-21: Get Ideabank site sponsored by patent attorneys etc. # No New Industries Devel. program? Also CO2 a new industry. 

02-10-25: Deep underground green-house: reflective (Al) film on sides of pits?

02-10-31: Thesis of shopping/CO2 volume demand (like gas particles for offer) presented with different crops/plts etc for varying demand.

**IDEAS** | 02-10-10: 'Differential Ultrasound' employing the difference between two images at different frequencies? Or x-ray, sonic, geoprobe freqs?

02-10-11: Use 'long distance' system to drain marine rainfall basins into 'well' on land by gravity siphon? 

02-10-18: Infrared link between walkways etc & (semi-fixed) earplugs.

02-10-18: Anti-scratch toughened glass covers with irregular small knob pattern to decrease scratching. | 02-10-18: Baking 'mix' to contain gelled acidic material for controlled release?

02-10-18: Reptile baking powder by direct injection of CO2 (eg from SodaStream, sparkletts cylinders).

**IDEAS** | 02-9-16: River/water species harvesting/diversity control: instead of nets, use 'pigeon-hole' conical sets in which individual fish etc are identified and harvested/eliminated. 

02-9-16: Tennis-ball gun for siphons? | 02-9-19: Are there analogues of siphons in other potential/presence/pressure systems? | 02-9-19: Can siphons (of v. var 10m H2O) operate over long distances eg 1 km? | 02-9-23: Use smaller & sized steel double irrigation pipe technique to save nursery stock? | 02-10-1: Conveyor systems for fruit/ant harvesting? | 02-10-4: Vulcanize rubber shoes with microwaves? | 02-10-4: Alva re ↑ strengthen product with fibres (fibral etc)?

**IDEAS** | 02-9-8: Auto-condenser unit: stores up compressed air from day's heat, releases it at night to form a cooling focus to condense vapour.

02-9-8: (repeat?) 1000 km<sup>2</sup> 'development lease' in 3rd-world countries, under UN supervision, own airports, on 99-year leases.

02-9-8: Point buds with meths to simulate chilling?

02-9-10: (ex Truderscomb): Drain standing/stagnant water etc with siphon (how far away can they get?)

02-9-11: DNA analysis (eg AFLP) to determine 'sex' of eg potatoes, corns?

02-9-14: Can dietary substances make nasal-mucus-disease-filicary more efficient? | 02-9-14: 'sell' voluntary DNA-test donation, via stand-by health/accident benefits?

**IDEAS** | 02-8-26: 99-year leases of country-sized areas of countries to stimulate their development? | 02-8-29: Self-fertile date palms from allotetraploids.

02-8-29: Rejuvenate old/declining date palms by horizontalizing & self-layering? 

02-8-30: Grow fruit trees in 'jiffy baskets', movable by fork lift etc - stack into rows, irrigate by dunking, move by passing thru 'carwash'.

02-8-31: "Sovereignty can only be validly based on a democratic election."

02-9-2: 'Dome forming' under inflatable/riv domes to conserve & control water use. 

**IDEAS** | 02-8-18: The Falkland Is. technique (for Argentina) - are there non-violent techniques elsewhere in society for social engineers? | 02-8-19: Offer to circulate e-mail offers to WANATA or RSC members? (to make money) | 02-8-21: Use techniques for somatic embryogenesis on humans to culture pre-embryo stem cells? | 02-8-21: UN to take a 99-year lease over Baluchistan (etc) for migrant training to enter Australia, USA etc on specific criteria? | 02-8-21: Self-sealing skin for vacuum balloons? | 02-8-21: Light: how can it be quantal? (if it spreads out to infinity from a single point?) | 02-8-25: Propagate jujube vms with infertile seeds by embryo rescue & in vitro, or somatic embryogenesis?
