

MICROWAVE LIGHT

135

1990 Feb 16

Metal objects in a microwave oven will glow with a blue light.
Is there an efficient light source there to replace incandescent bulbs?

1990-7-1

Is a cylindrical heliostat possible, what would show all sides of a object? (probably a space/cube one!!)

QUANDONG/SANDALWOOD SYNTHETIC HOST?

1990 Mar 13

652

Could germinating Santalum species be hosted on a synthetic 'host' which would deliver top nutrient once the seeds obtain a hostarium?
What is the mechanism of hostarium development?
