

CINCURS BUD GRAFTING

224

1982-7-1

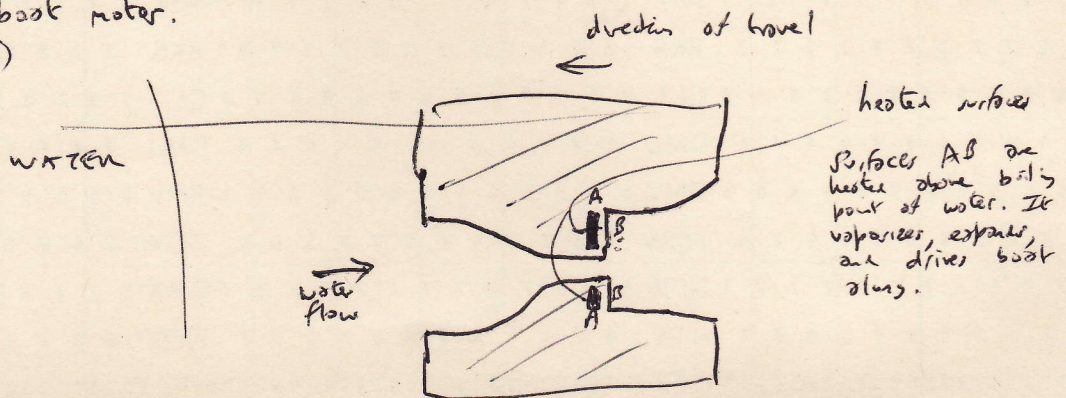

Plant structures (buds, twigs, etc) are fed from the top, not the bottom. So - try cutting or wounding stem underneath a bud or graft to see if get improved takes.

Stealing from corporate bodies

1975-2-25

It is intuitively felt that stealing from corporate bodies is less wrong, the larger and more diffuse is that body.

This is because at the most diffuse level, the body is the general environment, and stealing is replaced by making use of natural resources.
